*Mopo project is happy to invite you to the **#Energy4NetZero** social media campaign launched by ICONS for the European Sustainable Energy Week 2024. The campaign involves various ICONS projects. Among others, Mopo, SSTAR, AIR4NRG, CRETE VALLEY, ENEURON, FLEXINDUSTRIES, IEPB, POCITYF, SINGLE.*

From 11 to 13 June, the **European Sustainable Energy Week** will return in a hybrid format, in Brussels and online. Mopo is part of the EU BRIDGE initiative which will be present on-site to raise awareness on energy-related issues and foster networking occasions among the energy-related projects.

The theme for this year's edition is "Net-zero energy solutions for a competitive Europe". On this trail, the #Energy4NetZero social media campaign aims to highlight and promote **initiatives accelerating decarbonisation** through green technologies and solutions towards a fair and just transition for people and competitive businesses. Additionally, the campaign seeks to **engage the audience** by inviting them to showcase their commitment to a **net-zero future**.

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or European Climate, Infrastructure and Environment Executive Agency (CINEA). Neither the European Union nor the granting authority can be held responsible for them.

The campaign starts at the beginning of June on X and LinkedIn. To show your support to more sustainable energy systems, join the campaign and use the hashtags **#Energy4NetZero** and **#EUSEW2024**!

The European Sustainable Energy Week (EUSEW) is the biggest event dedicated to renewables and efficient energy use in Europe and is organized by the European Commission's Directorate-General for Energy and the European Climate, Infrastructure and Environment Executive Agency (CINEA).

Stay tuned!
